## FOREWORD

The editors and editorial staff wish to thank all the contributors for the 276 charts contained in the first lineage book of the Alabama Genealogical Society, Inc.

For many years the society had planned to utilize the genealogical material received from members. In 1988, with the approval of President Frances Etheredge and the Board, your editor began placing blank lineage charts in the ALABAMA GENEALOGICAL SOCIETY, INC. MAGAZINE to be completed and returned by the membership and published as a lineage book. This first volume contains all those lineage charts from 1988 through 1991 which were submitted in the proper form and by the designated deadline.

OUR *LINEAGE BOOK* is designed to be used in a loose-leaf binder. Several blank charts are included at the back of the book to enable you to extend your lines as you acquire more information. The contributors are listed on page 1. The index begins on page 283.

Special thanks go to Mary Taylor, assisted by Billy Gamble, for indexing the charts and to Terri Adams for additional typing.

We apologize for any errors made by the staff, but we disclaim any responsibility for errors contained in the charts. Write to the contributors of the charts if you have any question about their accuracy. When you write to the contributors or the editor, always enclose a self-addressed stamped envelope.

There is a possibility that more lineage books will be published. You will be notified in ample time to participate.
