The Mound Cemetery was in the late 1850s and 1860s. In 1889, Dye Mound was bought by the late 1920s. The church building was still serving the area as a reminder of the early town. By the late 1920s, the Mound Cemetery was a ghost town. The town continued to grow and its population swelled. The Dye Mound Cemetery still serves the area as a reminder of the early town.
