April 30, 1861. Second insertion.

LOUISIANA:

Cleaves, an old man, who was running a
succession of the crop at his home, was
about one mile from his house. He was
damaged in the face and hand, and was
found a short distance from his bed.

SHERIFF AND MARSHAL, R. E.
The railroad bridge at Silver Lake
based on a line of sight over the
horizon, from which the signal will be
given, is expected to be completed.

On Monday, the steamboat arrived at
the point where the railroad reached
the city. The signal was given, and the
steamboat started on its way.

THIBODAUX, LOUISIANA:

On Monday, the steamboat arrived at
the point where the railroad reached
the city. The signal was given, and the
steamboat started on its way.

THIBODAUX, LOUISIANA:

On Monday, the steamboat arrived at
the point where the railroad reached
the city. The signal was given, and the
steamboat started on its way.

Louisiana's cotton content is expected to
increase, and the government is looking
forward to the successful completion of
the new railroad line.

In the meantime, the crop is
progressing well, and the
farmers are optimistic about
the season.
