## NOTES AND ABBREVIATIONS.

1. All names in Part II are arranged alphabetically, and where there are more than one of the same name they appear according to priority of service.

2. An asterisk (\*) before a name indicates that the officer attained the rank of brigadier or major-general either by regular or brevet commission in the regular or volunteer forces.

3. Following the name of each officer will be found, first, the State or country where born, and, second, the State from which originally appointed, but when this appears only once it indicates the State whence appointed, the place of birth not being known.

4. **Cadet M A** in bold-face type indicates that the officer graduated at the United States Military Academy; the adjoining date when he entered that institution; the figure in parentheses his standing in the graduating class, and his first appointment the date of his graduation, except in the class of 1901, which was graduated February 18, and were commissioned in the Army to rank from February 2, 1901.

5. All data relating to appointments or commissions has been obtained from original records of the War Department, supplemented from other authentic sources, or supplied by living officers or the families of those deceased.

6. No record is herein given of appointments or commissions that were not accepted. Such as were declined, revoked, or canceled, and under which no service was rendered, have been omitted.

7. All commissions, appointments, promotions, casualties, etc., have been added or revised up to the time each page was put in type.

8. A work of this dimension, covering so long a period, although compiled and revised with the utmost care, will doubtless contain some errors or omissions, and the compiler will take it kindly to be informed of any that may be discovered.
