## Laclede County Deed Index VOL I 1848 to 1871

LACLEDE COUNTY DEED  
INDEX VOLUME I 1848

DALLAS PUBLIC LIBRARY  
GENEALOGY

Reference Use Only

Format of this book.

Grantor -- The person selling the property

Grantee -- The person buying the property.

Book and Page -- The book and page in the court house that has the complete listing of this transaction.

Deed -- The type of deed that was issued.

Instdate -- The date that the instrument was taken out.

Fileddate -- The date that the instrument was filed with the county.

This book is a copy of the Index book in the county court house. Any errors in it were carried over into this book. This index is presented twice. Once sorted by Grantor and again sorted by Grantee. Due to the differences of old script and different handwriting, there may be errors in the names. Several of the old script letters are different than today. We have done our best to get the correct spelling of the names. But we suggest that you try variations of the spelling of the name that you are looking for.

A special thanks to the following people for their help in putting this book together.

Glenda Brockman, Larry Dunbar, Aleen Eilenstein, Geneva Harris and Georgia Tuck.

#2750
