HARDEMAN COUNTY, TN MARRIAGES
1823-1861

Where two dates appear on an entry, the first one is the date license
was issued, the second (in parentheses) the date marriage was solemn-
ized. If only one date, it usually means that the date of execution
was the same as the date of license issuance.

Sometimes the execution of the marriage was not reported to the court-
house, and occasionally the clerk failed to note in the marriage book
that the license was returned. We would usually make a notation in
the entry to indicate the non-execution of a marriage if the book so
revealed.

When we prepare a county marriage record book we purchase a copy of
the microfilm of the original book from the Tennessee State Library,
thus having a primary source as our guide. Unfortunately, in the
case of Hardeman Co. marriages, this microfilm was a copy of marriage
books prepared in the 1960s by Mr. Quinnie Armour, the only exception
being the marriages for 1860 and 1861.

If the bride and groom were black, a B is placed at the end of the
entry.

It should be remembered that essentially this and other marriage
books we have prepared are indexes, not including all the information
to be found in the original marriage book. Such data as names of
bondsmen, ministers, justices of the peace, churches etc. is omitted.
Often such information is helpful to the researcher. Consequently
the serious researcher, to obtain this additional information as well
as to check on the accuracy of the transcriber, should examine the
original marriage record if at all possible, or at least another
marriage record book which may contain this data.
