Columbia County Georgia was formed in 1790 from Richmond Co. T both counties which are interchangeable. There also are many names that are in Warren Co. as these bordering Columbia. If you do not find your name here it counties when they were cut from Columbia. There were some graves from the lake] that were located in Thompson, McDuffie Co.

Cemetery records of
Columbia County, GEORGIA
1998.

There were cemeteries that were lost to time as no headstones survived. The Byrum Cemetery is one of these. Grey Byrum of Stokes Co. North Carolina bought land in Columbia Co. and now the graves are lost as no headstones survived time. There are more in Columbia Co. that also are lost because of destruction of cemeteries such as Prather Cemetery, Old Avery and more.

All Cemeteries that have been found were surveyed in this book with the exception of the above the above. African-American and White alike. There was only 1 large cemetery that I did not survey as permission was not granted and that was Bellevue Cemetery. This Cemetery was created in 1968 and all buried here will have death certificates in the state.

I want to thank my Husband James A. Braswell Sr. and my Daughter Cynthia Jean Braswell for helping me survey these cemeteries. They were a great help. Also all other's who gave me information on the ones that I did find and was able to add it to the notes by their names.
